2018 Foundation Parent Payment Charges

Thursday 9 November, 2017

Dear Parent/Guardian,

The *Education and Training Reform Act 2006* provides that instruction in the standard curriculum program is delivered free to all students in Victorian Government schools. This is referred to as 'free instruction'. The Act also grants School Councils the power to charge fees for goods and services to support the delivery of free instruction and to raise funds.

Free instruction is the teaching staff, administration and the provision of facilities in connection with the instruction of the standard curriculum program, including reasonable adjustments for students with disabilities. The standard curriculum program includes core learning and teaching activities related to the Victorian Curriculum.

The Department of Education *Parent Payments in Victorian Government Schools Policy* provides advice on the different types of payments that schools can request from parents and outlines the procedures and protocols schools must adhere to. This policy is available from the Department's School Policy and Advisory Guide (www.education.vic.gov.au/spag).

School Councils are responsible for developing and approving a school-level parent payment policy that is compliant with the Department's policy.

There are three areas for which parents may be requested to make a payment or contribution:

- **Essential Student Learning Items** are those items, activities or services that are essential to support student learning of the standard curriculum. These are items that the school considers essential for all students and of which students take possession. Parents may choose to provide the items themselves or buy the items from the school where practical and appropriate.
- **Optional Items** are those items, activities or services that are offered in addition to or support instruction in the standard curriculum program. These are provided on a user-pays basis so that if parents choose to access them for students, they are required to pay for them.
- **Voluntary financial contributions** which parents/guardians may be invited to donate to the school.

Parents/guardians are responsible for ensuring that their children are provided with essential educational items. The school makes every effort to keep the cost of items that need to be purchased at a minimum.

Alternative payment arrangements are also available through the school.

Aspendale Gardens School Council has passed the School Policy in line with the Department of Education's guidelines. The policy includes a number of payment options to support parents to access the materials and services associated with their child's education. The school-level parent payment policy is available on the school website.

If you have any queries or wish to discuss your circumstances and the options available to you, please contact the school to make an appointment.

Yours sincerely,

Cheryle Osborne

Understanding Parent Payment Categories

Schools

What does the legislation say?

The Education and Training Reform Act (2006) provides for free instruction in the standard curriculum program to all students in government schools. The Act also empowers school councils to charge fees to parents for goods and services provided by the school to a child.

In the Act, a 'Parent' includes a guardian and every person who has parental responsibility for a child including parental responsibility under the Commonwealth Family Law Act 1975 and any person with whom a child normally or regularly resides.

What do schools pay for as part of 'free instruction'?

Free instruction is the teaching staff, administration and the provision of facilities in connection with the instruction of the standard curriculum program, including reasonable adjustments for students with disabilities.

The standard curriculum for Years F-10 means implementation of the Victorian Curriculum F-10.

The standard curriculum for senior secondary schools means a program that enables a student to be awarded a VCE or VCAL qualification.

What principles govern parent payment practice?

Educational Value | Access, Equity & Inclusion | Affordability

Engagement & Support | Respect & Confidentiality | Transparency & Accountability

Parents

What may parents be asked to pay for?

Schools can request payment for Essential Student Learning Items

These are items, activities or services that the school deems **essential** to student learning of the standard curriculum.

Where practical and appropriate, parents may choose to purchase items through the school or provide their own.

These may also be either:

Items the student takes temporary or permanent possession of

- e.g.
- textbooks, activity books, exercise books
- stationery, book bags
- student ID cards, locks
- cooking ingredients students will consume
- materials for final products that students take home (technology projects, build-your-own kits, dioramas)
- Picture Exchange Communication Systems

Activities associated with instruction that all students are expected to attend

i.e. travel, entry fees or accommodation

- e.g.
- excursions
- incursions
- school sports
- work placements

Parents can be asked to pay for items, activities and services in the three Parent Payment Categories:

Essential Student Learning Items, Optional Items and Voluntary Financial Contributions.

Schools determine how items, activities and services are classified within these categories based on the learning and teaching program of their school.

Schools can request payment for Optional Items

These are items, activities or services that are **optional** and are offered in addition to the standard curriculum.

Students may access these on a user-pays basis.

These may be either:

Items the student purchases or hires

- e.g.
- school magazines, class photos
- functions, formals, graduation dinners
- materials for extra curricular programs
- student accident insurance

Activities the student purchases

- e.g.
- fees for extra curricular programs or activities, such as instrumental music tuition
- fees for guest speakers
- camps, excursions, incursions, sports
- entry fees for school run performances

Items and/or materials that are more expensive than required to meet the standard curriculum

- e.g.
- use of silver in metal work instead of copper
- supplementary exam revision guides

Support for families experiencing hardship is available at every school and each school has a parent payment contact person. See your school's policy for more information.

For more information on Parent Payments and Personal Devices, visit the DET website at: www.education.vic.gov.au

Schools can invite **Voluntary Financial Contributions** for
